

EXCEPTIONAL SAVINGS ON HIGH RESOLUTION SATELLITE IMAGERY

VFAS INTRODUCES EXCLUSIVE EDUCATIONAL IMAGERY PACKAGES

Allows for cost and imagery sharing between all departments within a university.

The more you buy, the greater the discount.

	Package 1	Package 2	Package 3	Package 4
Value of Order	Under \$2,500	\$2501 - \$5,000	\$5,001 - \$10,000	Over \$10,000
Discount Off List Price	26% OFF	31% OFF	35% OFF	40% OFF

- Valid for Canadian and US educational institutions.
- Valid for all DigitalGlobe imagery products (30cm to 60cm resolution, 4-band to 8- band, archive or new acquisition, stereo, etc.).
- List Pricing is in USD and value of order for Canadian clients is based on the USD/CAD exchange rate at the time of order. For list pricing please [contact us](#).
- Value of order excludes any applicable taxes.
- Packages are valid for 6 months from the time of order.
- Packages can be purchased in any denomination.
- Cannot be combined with other discounts.

EXAMPLE

“Smart” University’s Geography, Earth Sciences and Geology Departments pool their money together to purchase an Imagery Package with a list price of \$15,000 on March 1, 2017. This order value entitles Smart University to a 40% educational discount off list pricing and allows all Departments to place orders before the expiry date of September 1, (6 months from order date).

- March 18, 2017 = Geography purchases 30cm 4-band satellite imagery from archive worth \$4,000
- April 30, 2017 = Geology purchases 50cm 8-band satellite imagery for a new task worth \$8,000
- August 2, 2017 = Earth Sciences purchases stereo imagery worth \$3,000

If Smart University would like to purchase more than the \$15,000 imagery package value, they can do so before September 1, and receive the 40% discount. A separate purchase order would be required.
